Low Disturbance Manure Injection (LDMI)

Landowner Grant Application for Yahara River Watershed

R 3/2016

Return application materials to: Dane County LWRD, 5201 Fen Oak Drive, Room 208, Madison, WI 53718-8827

Questions? Please call the Dane County Land Conservation Division at (608) 224-3730.

Part 1: Applicant Information

Applicant Name

Mailing Address

Phone Number(s)

E-mail Address

Applicant Signature

Date

Partnering Producer Name(s)

(if applicable)

E-mail Address(es) & Phone Number(s)

Part 2: Eligibility Information

To determine program eligibility, check all that apply:

- Applicant and participating producer(s) listed above are located in Dane County.
- Land proposed to receive LDMI is located in the Yahara River Watershed.
- Land receiving LDMI is in compliance with an approved conservation plan.

LDMI equipment will be used in the following manner:

- In applying 25 % of the total volume of manure applied each year for at least 5 years.

If manure applications utilizing LDMI will occur in the fall, select management options (check at least one):

- LDMI application with no other tillage occurring in the fall.
- LDMI application with low disturbance subsoil tillage and the seeding of a cover crop.

A Snap Plus version of the current nutrient management plan for all participating producers has been provided, is included with the application, or will be provided prior to requesting cost share funding, to the Dane County LCD.

- Yes
- No
- Other: _____
